

Building Relationships. Making a Difference.

People you know. Bankers you trust.

Living Our Values. Actions speak louder than words.

Paul Pieschel
President & CEO

Technology is changing at the speed of light. Every year, there are amazing advances across all industries. At F&M Bank, we willingly embrace change and take advantage of new technologies to benefit our customers and the bank. But some things DON'T change—our commitment to our customers, our communities, and our core values that guide us every day.

There was a recent article that talked about the importance of being INTENTIONAL with our actions. The article described how actions, not just words, reveal true character. Trust grows when words and actions align. I reflected on our bank and how we work together as a team to serve our customers.

As a third-generation leader at F&M, I believe our bank is intentional and focused in our efforts to stay true to our core

values—loyalty, trusted advisor, experience, local ownership and community commitment. We hire great people who truly want to help customers succeed. We strive to be a great place to work, creating a respectful, supportive and fun environment for our staff. We focus on delivering friendly, knowledgeable and personalized service to every customer. We encourage community involvement, and as a bank, we support local causes with our time and resources. These are intentional efforts that help define our bank and differentiate us from other financial institutions.

We are humbled by the loyal customers we serve, many of whom have banked with us for multiple generations. If you currently bank with us, thank you! We sincerely appreciate your business and will do our best to exceed your expectations as your financial partner. If you aren't currently our customer, we welcome the opportunity to discuss your needs and help you achieve your financial goals. When our customers succeed, we do, too.

Mobile Wallet Is Here. Contactless payment is safe and easy.

Enjoy a quick and convenient way to pay for purchases using your mobile phone, without carrying your actual debit card. It's easy to set up mobile wallet on your phone. Simply download one of these three payment apps—Apple Pay®, Google Pay™ or Samsung Pay®. Follow the prompts on the app to add your F&M debit card as your default card. You are ready to pay for purchases with your mobile wallet!

How does it work? Once your F&M debit card is loaded into the payment app, it is tokenized. Each time you use your mobile wallet for payment, your debit card information is replaced with a random, transaction-specific, one-time code created securely for

that purchase. Your debit card number is not shared with merchants. If a hacker attempts to intercept the transaction, they will be unsuccessful without your cell phone and authentication. Mobile wallet is effective in reducing fraud.

Look for the contactless symbol at merchant checkout. Tap and hold your mobile phone, watch or other device onto the payment screen for a few seconds, and receive confirmation. Tap. Pay. Done. It's that easy!

TAP. PAY. DONE.

Mobile Wallet makes it EASY!

Your Trusted Ag Partner.

Your success is our goal.

Whether you are a seasoned farmer, new to the farming industry or involved in an agri-business, we want to be your bank! A relationship with F&M offers many benefits that are hard to find elsewhere:

Local Decision Making—We are not a one-size-fits-all lender. Loan decisions are made right here by bankers you know, not in a distant location by an unknown loan committee. As a locally owned bank, we have greater flexibility and quicker response time than most other lenders.

Expertise—Our bank offers a unique level of expertise. It is an honor to serve multiple generations of farmers, assist new farmers and support day-to-day operations of all our customers.

Added Resources—As an FSA Preferred Lender, we have access to loan programs and services for farmers that many other lenders do not have. We are also an SBA lender which provides additional lending options beyond our in-house programs.

We welcome the opportunity to talk with you about your unique needs. It is our goal to build lasting relationships.

F&M Bankers Enjoy 'Denim for a Cause.'

It feels good to do good.

Throughout the year, F&M employees have the opportunity to wear jeans on Fridays for a donation of \$5 in support of local, charitable causes. Over the years, our employees have donated over \$20,000 to many worthy causes. When you see our bankers wearing jeans, it's for a good cause! Here are some examples of our recent donations.
